

# WHY HIRE HOUSE OF HUSH BURLESQUE?

Thinking of hiring us for your event? Here's what makes us unique, and how we can add to your audience experience.

---

## Our Elevator Pitch

House of Hush uses burlesque to create a magical shared experience between audience and performer where we can dream, delight, escape and connect through imaginative, theatrical storytelling. Our high caliber roster of performers bring years of performance, hosting, dance and theatre training—not to mention stunning, one-of-a-kind themed costumes—to every event.

## World-Class Performers

Our performers are experts at their craft and have been featured on International burlesque stages entertaining audiences in New York, Montreal, Nashville, Las Vegas, Stockholm, and more!

## World-Class Costumes

Our performers' costumes and props are custom one-of-a-kind creations. Often worth thousands of dollars and covered in hand-sewn embellishments and rhinestones, they evoke the decadence and opulence of the Golden Age of Hollywood.

## Custom Entertainment Options

We can tailor our entertainment to fit your audience, venue size, and event theme. From classic solo burlesque striptease acts to group acts, meet-and-greet showpeople, go-go dancers, roving characters, all the way to professionally hosted hour-long stage shows, there are so many options!

Add glamour and authenticity to a vintage aesthetic or theme such as Roaring 20s, Alice in Wonderland, Clue Murder Mystery, the Golden Age of Hollywood, Valentine's, and holiday events.

*Please note, burlesque involves parody and semi-nudity, where performers end up in tiny, sparkly showgirl attire, and is generally meant for 18+ audiences. We can provide a "Boston show" (where the host and performers maintain a PG-13 environment).*
